

CORPORATE PROGRAM

Executive Summary

The Inter-American Dialogue's Corporate Program brings together private sector leaders committed to advancing democratic resilience and shared prosperity throughout the hemisphere. Members are part of the Dialogue's extensive network of practitioners and experts from across the Americas. In a dynamic policy environment, these connections help members stay informed and influence critical developments.

The Corporate Program is the Dialogue's primary private sector engagement platform, through which members leverage the Dialogue's expertise to identify emerging opportunities, inform strategic decisions, and contribute thought leadership that shapes regional policy discussions. By participating in Dialogue programming and publications, members advance ideas, gain exclusive insights, and strengthen their influence across the hemisphere.
